To all members
Negro National League

Dear Member:

I am writing first to ask you to have your dues for May in this office as soon as possible. You are acquainted with the condition of the treasury.

In the past it has not been necessary to pay any bills until the season was underway. Starting this year, however we have taken on additional expences. Art Carter, Curtis Leak, plus the umpires and The Elias Bureau will have to be paid starting May 1st.

This office will appreciate your cooperation.

Very Truly Yours

treas.

P.S. As a league member I would like to say I think our President and the western league president, should be making arrangements to see the lawyer Mr Chandler suggested seeing, in an effort to get the necessary papers drawn up to present to The Major Leagues at their June meeting. If we do not asked to be admitted to their organization, we should at least ask for some protection. What do you think?
